

The Brinkley *Three Bedroom Three Bath*

This popular home is a two-story with three bedrooms and three full baths. The enormous master retreat on the lower level includes a private sitting area. There are two bedrooms upstairs with a large bath and walk-in closet. The living and dining area are spacious, and the open kitchen with its breakfast bar creates a great space for entertaining friends and family. You also have the option of 9 ft. ceilings in the downstairs area to enhance the open sun-filled space. Another bonus of the Brinkley is a full-sized laundry/mud room.
